

What People say about Tavis...

Tavis Myrick is an incredibly passionate, focused, and driven leader. He leads relentlessly guided by his non-negotiable bottom line of doing what is best for the students within his charge. He is a proven change agent with incredible networking and relationship-building skills. His determination and dedication to his mission is only matched by the level of integrity he maintains for himself and expects from those around him.

Dr.3 Dakeyan Graham, 2020 Florida Teacher of the Year, Director of Educational

Mr. Myrick has been a pillar in the community for some time now. I've had the pleasure of working with Tavis for the last two years or so, and what he does for the youth is truly remarkable. Day in and Day out, Tavis pours his heart and soul into every program he either leads or participates in, especially Gentleman's Quest Inc.

Larry Washington, M.P.A.. Director - Dept. of Solid Waste & Environmental Management at City of Tampa.

know Tavis Myrick to be a community leader who is recognized for his integrity and consistency. I have watched him skillfully put together collaborative partnerships that benefit youth in the Tampa Bay Region while adding value to partners. His background as a classroom educator informs the programming that he leads. He routinely delivers programming with the workforce needs of tomorrow in mind. He does all of this with little to no fanfare and with an

infectious smile. Gentlemens Quest and the greater Tampa area are better off for the passion and leadership of Tavis Myrick.
